## **Publication of press releases on the website FxMag.RU**

Press release is an informational message containing news about the organization and possibly the person issued a press release outlining its position on any issue. Publication of press releases on our website available for partners in two forms free and fee based. A press release should be dedicated to a specific event in the Forex market. Texts bearing the advertising information is published on a commercial basis. The editorial Board reserves the right to choose and refuse to publish the press release. For commercial placement of press releases and other information materials, please contact
